Took Him to Grandpa's Farm

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

A visit to a family farm: watching chickens from behind a fence, meeting a calm horse over a gate, running down a dirt lane, sniffing hay bales, and resting on the farmhouse porch.

TIMELINE

0-5s	Watching chickens
5-10s	Meeting a horse
10-15s	Dirt lane run
15-20s	Sniffing hay bales
20-25s	Porch rest

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Watching chickens): Farmyard, cool morning, overcast daylight, dirt and gravel ground, a wire chicken fence with a few brown hens pecking inside. The dog sits on a leash outside the fence, ears perked, head tilting as it watches the hens. An old metal water trough and a wheelbarrow sit nearby, and the dog's nose twitches at every cluck. Sound: hens clucking, wind, owner says "leave them, just look". 5-10s (Meeting a horse): Wooden pasture gate, morning cloudy daylight, muddy grass. A calm brown horse lowers its head over the top rail of the gate. The dog stands on the other side, stretches its neck carefully and the two touch noses briefly, then the dog steps back. Sound: horse snorting softly, owner whispering "oh wow". 10-15s (Dirt lane run): Long dirt farm lane between two grassy fields, mid-morning, grey sky, wooden fence posts on each side. The dog runs down the lane toward the camera at full speed, ears back, dust puffing up behind its paws. A rusty mailbox stands at the end of the lane, and it slows down to a happy trot as it reaches the camera. Sound: paws pounding dirt, panting, wind, owner calling "come on". 15-20s (Sniffing hay bales): Open side of an old red barn, daylight from the wide door, round hay bales stacked inside, straw on the floor. The dog walks along the hay bales, sniffing deeply, and sneezes from the dust. Dust floats in the daylight from the doorway, and a pitchfork leans against the wall. It shakes its head after the sneeze. Sound: sniffing, straw crunching, a sneeze, a rooster in the distance. 20-25s (Porch rest): Farmhouse front porch, late afternoon, soft overcast light, worn grey floorboards and an old rocking chair. The dog lies on the porch boards panting, dusty paws crossed, looking out at the fields. A pair of muddy work boots sits by the screen door, and the dog's ears twitch as a breeze moves across the porch. Sound: rocking chair creaking, wind chimes, distant cows mooing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Watching chickens

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
