Teeth Brushing Night (He Loves the Taste)

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

Dental care night: the dog comes when he hears the toothpaste, licks the dog toothpaste, gets his teeth brushed briefly, licks his lips, and chews a dental chew afterward.

TIMELINE

0-5s	Hears the cap
5-10s	Taste test
10-15s	Brushing
15-20s	Lip licking
20-25s	Dental chew

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Hears the cap): Bathroom doorway, evening, light from the bathroom ceiling light, white tile floor. The owner's hand holds a small tube of dog toothpaste. The dog trots in from the hallway and sits in the doorway, tail wagging. A towel hangs over the edge of the bathtub behind it, and it shifts its front paws, ready for the taste. Sound: cap clicking open, claws on tile, owner says "there he is". 5-10s (Taste test): Bathroom, evening light, white tile floor, bath mat. The owner's finger holds a small dab of dog toothpaste out. The dog sniffs it and licks it off eagerly, then licks its lips several times. It sniffs the owner's hand for more, nose pushing against the fingers, while a towel hangs on a hook behind. Sound: licking, owner laughing "you like the chicken flavor". 10-15s (Brushing): Bathroom floor, evening light, white tile. The dog sits while the owner's hand gently lifts its lip on one side and brushes its side teeth with a soft rubber finger brush for a few seconds. The dog stays still, ears slightly back. Sound: soft brushing, owner says "almost done, good boy". 15-20s (Lip licking): Bathroom doorway, evening light from inside the bathroom. The dog sits, licks its lips and nose over and over, chews at the air a little, and shakes its head quickly, ears flapping. Its tongue flicks out again and again, and behind it the hallway is dark except for the bathroom light spilling onto the floor. Sound: smacking, ears flapping, owner giggling. 20-25s (Dental chew): Living room, evening, warm light from a table lamp, worn rug. The dog lies on the rug holding a green dental chew between its front paws, chewing it with its back teeth, eyes half closed. The curtains are closed behind it and a pair of socks lies on the floor. It pauses to lick its paw, then keeps chewing. Sound: crunching, TV in the background, a content sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Hears the cap

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Bathroom doorway, evening, light from the bathroom ceiling light, white tile floor. The owner's hand holds a small tube of dog toothpaste. The dog trots in from the hallway and sits in the doorway, tail wagging. A towel hangs over the edge of the bathtub behind it, and it shifts its front paws, ready for the taste. Sound: cap clicking open, claws on tile, owner says "there he is".

Clip 2 | 5-10s | Taste test

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
