Gentle Guardian of the Baby

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

A calm day watching over the new baby: the dog lies near the play mat, rests by the bassinet, follows mom quietly, gets a gentle pet and naps nearby.

TIMELINE

0-5s	Near the play mat
5-10s	Ears up, still
10-15s	By the bassinet
15-20s	Follows quietly
20-25s	Calm nap nearby

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Near the play mat): Bright living room, late morning, soft daylight through sheer curtains, light wood floor. A baby lies on a soft play mat while a mom sits beside it on the floor. The dog lies calmly a few feet away, chin on its paws, watching. Sound: baby cooing, quiet room, mom says softly "he's watching you". 5-10s (Ears up, still): Same living room, soft daylight. The baby gives a small fuss. The dog lifts its head and perks its ears toward the sound but stays lying down, then looks at the mom who picks the baby up. Sound: a small baby fuss, mom shushing, tags clinking softly. 10-15s (By the bassinet): Bedroom, early afternoon, dim curtained daylight. A white bassinet stands beside the bed with a dad standing next to it. The dog lies quietly on the rug near the bassinet, head resting on the floor, eyes open. Sound: soft white noise machine, dad whispers "good boy". 15-20s (Follows quietly): Hallway, afternoon indoor light, wooden floor. A mom carries the baby wrapped in a blanket down the hallway. The dog walks slowly behind her, tail low and relaxed, nose lifted slightly toward the blanket. Sound: soft footsteps, claws lightly clicking, baby making small sounds. 20-25s (Calm nap nearby): Living room couch, late afternoon, warm window light. A mom sits on the couch holding the sleeping baby. The dog lies on the floor at her feet, fully relaxed, eyes closing, letting out a slow breath. Sound: quiet room, baby breathing, a soft dog sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Near the play mat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Bright living room, late morning, soft daylight through sheer curtains, light wood floor. A baby lies on a soft play mat while a mom sits beside it on the floor. The dog lies calmly a few feet away, chin on its paws, watching. Sound: baby cooing, quiet room, mom says softly "he's watching you".

Clip 2 | 5-10s | Ears up, still

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
