The Couch Hog

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

Movie night on the couch: the dog takes the owner's spot, stretches out, gets nudged, refuses to move and finally takes up the whole couch.

TIMELINE

0-5s	Steals the spot
5-10s	Big stretch
10-15s	Gentle nudge
15-20s	Refuses to move
20-25s	Whole couch

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Steals the spot): Living room at night, warm lamp light and the faint flicker of a TV off camera, a beige couch. The owner gets up for a snack and the dog immediately hops onto the warm spot and settles in. Sound: couch creaking, owner says "hey, I was sitting there". 5-10s (Big stretch): Same couch at night, warm lamp light, a throw pillow and blanket. The dog rolls onto its side and stretches all four legs out, pushing the pillow onto the floor, then lets out a long groan. Sound: pillow falling, a long groan, TV murmuring softly. 10-15s (Gentle nudge): Same couch, warm lamp light. The owner's hand gently pushes on the dog's back to make room. The dog does not move, only opens one eye and looks at the camera, then closes it again. Sound: owner says "scoot over", quiet TV, a heavy sigh. 15-20s (Refuses to move): Same living room couch at night. The owner tries to sit on the small leftover edge of the cushion. The dog stretches its back legs and pushes against the owner's thigh, taking even more space. Sound: couch squeaking, owner laughing "unbelievable". 20-25s (Whole couch): Living room at night, lamp light. Camera points at the couch from the floor where the owner now sits. The dog is sprawled across all three cushions on its back, legs in the air, snoring. Sound: loud dog snoring, owner says "I live here too, you know".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Steals the spot

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Living room at night, warm lamp light and the faint flicker of a TV off camera, a beige couch. The owner gets up for a snack and the dog immediately hops onto the warm spot and settles in. Sound: couch creaking, owner says "hey, I was sitting there".

Clip 2 | 5-10s | Big stretch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Same couch at night, warm lamp light, a throw pillow and blanket. The dog rolls onto its side and stretches all four legs out, pushing the pillow onto the floor, then lets out a long groan. Sound: pillow falling, a long groan, TV murmuring softly.

Clip 3 | 10-15s | Gentle nudge

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Same couch, warm lamp light. The owner's hand gently pushes on the dog's back to make room. The dog does not move, only opens one eye and looks at the camera, then closes it again. Sound: owner says "scoot over", quiet TV, a heavy sigh.

Clip 4 | 15-20s | Refuses to move

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Same living room couch at night. The owner tries to sit on the small leftover edge of the cushion. The dog stretches its back legs and pushes against the owner's thigh, taking even more space. Sound: couch squeaking, owner laughing "unbelievable".

Clip 5 | 20-25s | Whole couch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Living room at night, lamp light. Camera points at the couch from the floor where the owner now sits. The dog is sprawled across all three cushions on its back, legs in the air, snoring. Sound: loud dog snoring, owner says "I live here too, you know".

FACEBOOK CAPTION

I paid for this couch. He just lives on it.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
