He Stole My Bed

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

Bedtime battle: the dog jumps on the bed first, takes the pillow, ignores the owner, spreads out under the covers and leaves the owner a tiny corner.

TIMELINE

0-5s	Jumps on first
5-10s	Takes the pillow
10-15s	Ignores the owner
15-20s	Under the covers
20-25s	Tiny corner left

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Jumps on first): Bedroom at night, a single bedside lamp on, white sheets and a grey comforter. The owner walks in and the dog leaps onto the bed ahead of them, turns in a circle and lies down in the middle. Sound: bed springs bouncing, owner says "oh no you don't". 5-10s (Takes the pillow): Same bedroom, warm lamp light. The dog rests its head right on the owner's pillow, sinking into it, and looks at the camera with sleepy eyes, refusing to move. Sound: a soft sigh, owner laughs "that's my pillow". 10-15s (Ignores the owner): Same bed, lamp light. The owner's hand pats the side of the bed and points to the dog bed on the floor. The dog flicks one ear, then turns its head away and stays put. Sound: owner says "your bed is right there", silence, a huff. 15-20s (Under the covers): Bedroom, lamp light, rumpled comforter. The dog wriggles under the edge of the grey comforter until only its head sticks out on the pillow, ears up, then lets its chin drop. Sound: fabric rustling, a contented groan. 20-25s (Tiny corner left): Same bedroom, lamp turned low, dark room. Camera points down from the owner's spot at the very edge of the mattress. The dog is stretched diagonally across the whole bed, snoring softly. Sound: soft snoring, owner whispers "goodnight, I guess".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Jumps on first

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Bedroom at night, a single bedside lamp on, white sheets and a grey comforter. The owner walks in and the dog leaps onto the bed ahead of them, turns in a circle and lies down in the middle. Sound: bed springs bouncing, owner says "oh no you don't".

Clip 2 | 5-10s | Takes the pillow

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Same bedroom, warm lamp light. The dog rests its head right on the owner's pillow, sinking into it, and looks at the camera with sleepy eyes, refusing to move. Sound: a soft sigh, owner laughs "that's my pillow".

Clip 3 | 10-15s | Ignores the owner

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Same bed, lamp light. The owner's hand pats the side of the bed and points to the dog bed on the floor. The dog flicks one ear, then turns its head away and stays put. Sound: owner says "your bed is right there", silence, a huff.

Clip 4 | 15-20s | Under the covers

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Bedroom, lamp light, rumpled comforter. The dog wriggles under the edge of the grey comforter until only its head sticks out on the pillow, ears up, then lets its chin drop. Sound: fabric rustling, a contented groan.

Clip 5 | 20-25s | Tiny corner left

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Same bedroom, lamp turned low, dark room. Camera points down from the owner's spot at the very edge of the mattress. The dog is stretched diagonally across the whole bed, snoring softly. Sound: soft snoring, owner whispers "goodnight, I guess".

FACEBOOK CAPTION

He has a $90 orthopedic bed. He prefers mine.
Does your dog sleep in your bed?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
