Rainy Day Indoor Games

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

Stuck inside on a rainy day: watching the rain, hide and seek, tug of war, a find-the-treat game and a cozy rest by the window.

TIMELINE

0-5s	Watching the rain
5-10s	Hide and seek
10-15s	Tug of war
15-20s	Find the treat
20-25s	Cozy rest

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Watching the rain): Living room in the morning, dim grey rainy daylight, a big window with water running down it. The dog stands with front paws on the low windowsill, staring out at the wet yard, then looks back at the camera. Sound: steady rain, a soft whine, owner says "I know, no park today". 5-10s (Hide and seek): Hallway, grey daylight from a doorway, wooden floor. Camera is the owner peeking from behind a bedroom door. The dog trots down the hallway sniffing, spots the owner and runs over, tail wagging. Sound: owner calls "where am I?", claws clicking, an excited bark. 10-15s (Tug of war): Living room carpet, rainy daylight, couch in the background. The dog pulls hard on a braided rope toy, front legs braced, while the owner's hand holds the other end, the dog shaking its head side to side. Sound: playful growling, rope creaking, owner laughing. 15-20s (Find the treat): Same living room, grey light, a few overturned plastic cups on the carpet. The dog sniffs each cup carefully, then knocks one over with its nose and eats the small treat underneath. Sound: cups tipping, sniffing, crunching, owner says "good find". 20-25s (Cozy rest): Dog bed by the rainy window, late morning, grey daylight. The dog lies curled up on a plaid blanket with the rope toy beside it, eyes slowly closing as rain runs down the glass. Sound: soft rain, slow breathing, a sleepy sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Watching the rain

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Living room in the morning, dim grey rainy daylight, a big window with water running down it. The dog stands with front paws on the low windowsill, staring out at the wet yard, then looks back at the camera. Sound: steady rain, a soft whine, owner says "I know, no park today".

Clip 2 | 5-10s | Hide and seek

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
