First Time Seeing a Balloon

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

He meets a helium balloon for the first time: freezing at the door, a careful stretched-out sniff, jumping back when it bumps him, nose-bopping it and finally deciding it is boring.

TIMELINE

0-5s	Frozen stare
5-10s	Careful sniff
10-15s	Jump back
15-20s	Nose boop
20-25s	Totally over it

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Frozen stare): Living room, late afternoon, soft daylight from the window, a grey couch and a wooden floor. The owner walks in holding a single red helium balloon on a white ribbon. The dog, standing by the couch, freezes completely, ears straight up, staring at the floating balloon without blinking. Sound: ribbon rustling, a quiet low woof, owner laughing "it's just a balloon". 5-10s (Careful sniff): Same living room, afternoon daylight. The owner holds the ribbon low so the balloon floats at the dog's head height. The dog stretches its neck out as far as it can with its legs planted back, nose twitching, sniffing the balloon from a safe distance, tail held low and still. Sound: sniffing, owner whispering "it's okay". 10-15s (Jump back): Living room, afternoon daylight, wooden floor. The balloon drifts forward and gently bumps the dog on the nose. The dog jumps backward with all four paws, ears flat for a second, then stares at the balloon and gives one sharp bark. Sound: soft bump, claws scrambling on wood, one bark, owner laughing. 15-20s (Nose boop): Living room, late afternoon daylight. The owner holds the ribbon loosely and the balloon bobs at the dog's height. Growing braver, the dog steps forward, bops the balloon upward with its nose, watches it float back down and bops it again, tail now wagging. Sound: soft balloon taps, tags jingling, owner saying "good job". 20-25s (Totally over it): Living room, early evening, a table lamp switched on beside the couch. The red balloon is tied to the back of a dining chair, floating above it. The dog lies on the rug nearby with its chin on its paws, glances up at the balloon once, then yawns and closes its eyes. Sound: quiet room, a yawn, the ribbon rustling slightly.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Frozen stare

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Living room, late afternoon, soft daylight from the window, a grey couch and a wooden floor. The owner walks in holding a single red helium balloon on a white ribbon. The dog, standing by the couch, freezes completely, ears straight up, staring at the floating balloon without blinking. Sound: ribbon rustling, a quiet low woof, owner laughing "it's just a balloon".

Clip 2 | 5-10s | Careful sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
