Apple Orchard Visit

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

An early autumn trip to an apple orchard: walking between the trees, sniffing fallen apples, a small seedless apple slice, a photo next to the basket and a nap in the shade.

TIMELINE

0-5s	Orchard rows
5-10s	Fallen apple sniff
10-15s	Apple slice
15-20s	Basket photo
20-25s	Shade nap

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Orchard rows): Apple orchard, early autumn, sunny late morning, natural daylight, neat rows of short apple trees with red apples on the branches and mowed grass between them. The dog trots down the grassy row on a loose leash ahead of the camera, tail up, looking around at the trees. Sound: birds, distant voices, footsteps on grass, tags jingling. 5-10s (Fallen apple sniff): Under an apple tree in the orchard, sunny morning, a few fallen red apples in the grass with leaves around them. The dog lowers its head and sniffs one fallen apple, then another, nudging one with its nose so it rolls, then looks up at the owner with its ears perked. Sound: sniffing, owner saying "leave it, those are old". 10-15s (Apple slice): Orchard row, sunny late morning, the owner crouching in the grass. The owner's hand holds out a small fresh apple slice with no core or seeds. The dog sits, sniffs it, and takes it gently from the fingers, then chews loudly with its head tilted a little, licking its lips after. Sound: loud crunching, owner laughing "good, right?". 15-20s (Basket photo): End of an orchard row, sunny midday, a wooden bushel basket full of red apples set on the grass. The dog sits next to the basket facing the camera, panting, looks at the basket, sniffs the top apples once, then looks back at the camera when the owner whistles. Sound: owner whistling, "stay, look at me", panting. 20-25s (Shade nap): Under a leafy apple tree in the orchard, early afternoon, dappled shade on the grass, sunlight in the background. The dog lies on its side in the cool grass, legs stretched out, eyes slowly closing, ribs rising and falling, a few leaves on the ground near its nose. Sound: breeze in the leaves, birds, slow breathing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Orchard rows

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Apple orchard, early autumn, sunny late morning, natural daylight, neat rows of short apple trees with red apples on the branches and mowed grass between them. The dog trots down the grassy row on a loose leash ahead of the camera, tail up, looking around at the trees. Sound: birds, distant voices, footsteps on grass, tags jingling.

Clip 2 | 5-10s | Fallen apple sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
