Father's Day Backyard BBQ

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

Father's Day in the backyard: a gift from the dog, the first throw of the new ball, staying far from the grill, a dog cookie at the picnic table and a quiet evening with dad.

TIMELINE

0-5s	Gift from the dog
5-10s	New ball throw
10-15s	Away from the grill
15-20s	Dog cookie at table
20-25s	Evening with dad

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Gift from the dog): Backyard patio, late morning, bright sunny daylight, grey concrete pavers and a wooden picnic table. A kid hands dad a small gift bag. Dad pulls out a bright orange ball while the dog sits beside his chair, tail sweeping the pavers. Sound: paper bag rustling, kid saying "it's from him", dad laughing. 5-10s (New ball throw): Backyard lawn, late morning sun, green grass and a wooden fence. Dad's arm throws the new orange ball across the yard and the dog races after it, catches it on the second bounce and trots back proudly with its head high. Sound: ball bouncing, paws on grass, dad saying "good catch". 10-15s (Away from the grill): Backyard, midday sun, light smoke drifting from a black grill on the far side of the patio with dad standing at it. The dog lies in the shade on the grass far away from the grill next to a kid, calm on a down-stay, sniffing the air. Sound: grill sizzling far off, kid saying "stay with me, buddy". 15-20s (Dog cookie at table): Picnic table, early afternoon, sunny, paper plates on the table. The dog sits beside dad's leg looking up. Dad's hand comes down holding a plain dog cookie from his pocket and the dog takes it gently and crunches it. Paper napkins flutter under a bottle of ketchup on the table. Sound: crunching, dad saying "only dog cookies for you", family chatter. 20-25s (Evening with dad): Backyard at dusk, fading blue daylight, string lights on the fence switched on. Dad sits in a camping chair on the grass and the dog lies beside the chair with its head resting on dad's sneaker, eyes slowly closing. Fireflies start blinking over the grass near the fence. Sound: crickets, a distant lawnmower, dad saying softly "best Father's Day".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
