Jealous When I Hug Someone

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

Every time the owner hugs someone, the dog has to get in the middle: kitchen hug, couch cuddle, a hug at the door, a backyard hug, and finally a hug just for him.

TIMELINE

0-5s	Nose in between
5-10s	Couch wedge
10-15s	Hip nudges
15-20s	Group lean
20-25s	His turn

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Nose in between): Small kitchen in the evening, ordinary ceiling lights on, white cabinets and a cluttered counter. Two adults hug near the fridge, seen from the waist down. The dog walks straight over and pushes his nose and head between their legs, wiggling until they step apart, tail wagging fast. Sound: fridge hum, both adults laughing, "really?", tags jingling. 5-10s (Couch wedge): Living room, evening, warm table lamp on, brown couch with a knitted throw. The owner and partner sit close together with arms around each other. The dog climbs onto the couch, squeezes his body into the gap between them and lies across both laps, letting out a heavy sigh. Sound: couch creaking, a heavy dog sigh, partner saying "there's no room, buddy". 10-15s (Hip nudges): Front entryway, daytime, natural light from the open door, coats on hooks and shoes on a mat. The owner hugs a visiting friend, seen from the shoulders down. The dog circles them and repeatedly bumps the owner's hip with the top of his head, giving a soft whine. Sound: door open, outside birds, a soft whine, friend laughing "he's jealous". 15-20s (Group lean): Backyard, cloudy afternoon, patchy green grass, a wooden fence and a plastic patio chair. The owner hugs a teenage kid in a hoodie. The dog trots over from across the yard and leans his whole body sideways against both of their legs, tail swinging, looking up at them. Sound: wind, distant lawnmower, the teen saying "okay, you can join". 20-25s (His turn): Living room floor, evening, warm lamp light, faded rug. The owner kneels and wraps both arms around the dog's neck. The dog immediately relaxes, leans his weight into the owner's chest, closes his eyes halfway and slowly wags his tail against the rug. Sound: soft tail thumps, owner saying "there, happy now?", a content groan.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
