Stealing the Kids' Toys

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog has decided the kids' plush toys are his: choosing a bunny, sneaking off with a dinosaur, running with a foam ball, building a stash and finally trading for his own toy.

TIMELINE

0-5s	Choosing a toy
5-10s	Sneaking off
10-15s	Ball keep-away
15-20s	The stash
20-25s	Fair trade

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Choosing a toy): Kids' playroom, morning, natural light from a window, colorful foam floor mats and a low wooden shelf. A small pile of soft plush toys sits on the mat. The dog sniffs through the pile carefully and picks up a floppy white stuffed bunny by its ear. Sound: quiet room, rustling plush, a child's voice in another room. 5-10s (Sneaking off): Upstairs hallway, daytime, natural light from a doorway, beige carpet. The dog trots past the camera carrying a soft green plush dinosaur, head held high and tail wagging, without looking at anyone. Behind him a child's voice protests. A pile of laundry sits in the corner. Sound: paws on carpet, a child shouting "Mom, he took my dinosaur!", owner laughing. 10-15s (Ball keep-away): Backyard, sunny afternoon, green grass with a plastic slide in the corner. The dog trots across the lawn with a child's soft foam ball in his mouth. A boy about eight years old runs after him giggling, and the dog stays just a few steps ahead, tail wagging. Sound: kid giggling, paws on grass, owner calling "drop it, buddy". 15-20s (The stash): Living room, afternoon window light, the dog's brown bed in the corner. The dog lies on his bed surrounded by three stolen plush toys. A girl about seven reaches in slowly and takes her bunny back. The dog watches calmly and lets her take it. Sound: girl saying "that's mine", tail thumping on the bed. 20-25s (Fair trade): Same living room, afternoon light. The owner's hand offers the dog his own thick blue rope toy. The dog drops the plush dinosaur, takes the rope and lies down chewing it happily while the child picks the dinosaur up in the background. Sound: rope squeaking in his teeth, child saying "thank you", owner saying "good trade".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Choosing a toy

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog drops the plush dinosaur, takes the rope and lies down chewing it happily while the child picks the dinosaur up in the background. Sound: rope squeaking in his teeth, child saying "thank you", owner saying "good trade".

FACEBOOK CAPTION

He has a whole basket of his own toys.
But the kids' toys just taste better, apparently.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
