Celebrating the dog's first birthday as a young adult: a birthday bandana, waiting for his dog-safe cake, eating it, a new toy in the yard and a tired birthday boy at night.

TIMELINE

0-5s	Birthday bandana
5-10s	Waiting for cake
10-15s	Cake time
15-20s	New toy
20-25s	Tired birthday boy

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Birthday bandana): Kitchen, bright morning daylight, white cabinets and a tile floor. The young dog, just one year old today, sits while the owner's hands tie a blue birthday bandana around his neck. He wiggles and licks the owner's wrist, tail sweeping the floor. Sound: owner singing "happy birthday to you", tail swishing. 5-10s (Waiting for cake): Same kitchen, morning daylight. The owner sets a small homemade dog cake on a plate on the floor, made of plain pumpkin and xylitol-free peanut butter with plain yogurt on top, no candles. The dog sits in front of it, drooling, eyes on the owner. Sound: plate set down, owner saying "wait... wait", a hopeful whine. 10-15s (Cake time): Kitchen floor, morning light. The owner says okay and the dog dives into the small dog-safe cake, eating it in big messy bites. He lifts his head with a blob of yogurt on his nose and licks it off. Family members' legs stand around the kitchen watching. Sound: owner saying "okay, eat!", happy smacking, family laughing. 15-20s (New toy): Backyard, sunny late morning, green grass and a wooden fence. The owner's hand gives the dog a new thick braided rope toy. He grabs it, shakes it hard from side to side and runs a quick happy lap around the yard with it. Sound: birds, paws on grass, owner cheering "happy birthday, buddy!". 20-25s (Tired birthday boy): Living room in the evening, warm lamp light, the dog's round bed on the floor. The dog lies flat out on his bed with his blue bandana crooked and the new rope toy beside him, eyes slowly closing. The room is quiet and a blanket lies on the couch behind him. Sound: slow breathing, owner whispering "one year old already".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
