## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Mom on the porch): Front porch of a small house, overcast morning daylight, a worn doormat and potted geraniums by the steps. The mom, a woman in her mid 30s with shoulder-length brown hair, sits on the top step in a grey hoodie. The dog walks up, leans her whole side against the mom and the mom scratches her chest with both hands. Sound: birds, a car passing on the street, mom laughing "hi, pretty girl". 5-10s (Dad on the couch): Living room in the afternoon, plain window light, a beige fabric couch with a crumpled throw blanket. The dad, a man in his late 30s with a short dark beard, sits with his feet on the coffee table. The dog walks over and rests her chin on his knee, and he slowly rubs behind her ears while she half closes her eyes. Sound: quiet room, a soft dog sigh, dad saying "this is the boss". 10-15s (Daughter's hug): Ordinary backyard, cloudy daylight, patchy grass, a wooden fence and a plastic slide. The daughter, a 7-year-old girl with two braids in a pink t-shirt, runs over and wraps her arms around the dog's neck. The dog stands calmly, tail swaying, and sniffs the girl's braid while she squeezes. Sound: wind in the trees, the girl giggling, tags jingling. 15-20s (Son asks for paw): Small kitchen, late afternoon window light, white cabinets and a beige tile floor. The son, an 11-year-old boy with short curly hair, crouches down and holds out his open hand. The dog sits, lifts one front paw and sets it in his palm, and he shakes it up and down with a big grin. Sound: fridge hum, the boy saying "paw", a happy laugh. 20-25s (Grandma's armchair): Cozy corner of the living room in the evening, a warm floor lamp, a floral armchair and a knitted blanket. The grandma, a woman in her late 60s with short grey hair and glasses, sits in the chair. The dog lies on the rug at her feet and the grandma leans down to pat the top of her head. Sound: ticking wall clock, grandma saying "good girl", a tail thumping the rug.

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

#### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
