MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Wake-up nudge): Boy's bedroom, early morning, dim grey daylight through half-open blinds, clothes on a chair. The son, an 11-year-old boy with short curly hair, is a lump under a blue comforter. The dog pushes her nose under the edge of the blanket and nudges until the boy groans and pulls the cover over his head. Sound: alarm beeping in the background, the boy groaning "five more minutes". 5-10s (Shoe check): Narrow hallway by the front door, morning daylight from a small window, a pile of shoes on a mat. The daughter, a 7-year-old girl with two braids, sits on the floor pulling on a purple sneaker. The dog sniffs the other sneaker, then sits right next to her and watches. Sound: velcro ripping, mom calling from the kitchen "two minutes!". 10-15s (Backpack zip): Busy kitchen, bright morning window light, cereal bowls and a coffee mug on the counter. The mom, a woman in her mid 30s with shoulder-length brown hair, zips up a green school backpack on the counter. The dog stands below with her head tilted, tail sweeping slowly across the tile floor. Sound: zipper, a spoon clinking in a bowl, coffee maker gurgling. 15-20s (Hair brushing): Living room, morning window light, a rumpled couch and a toy basket. The mom brushes the daughter's hair while the girl stands still, a 7-year-old with loose hair half pulled back. The dog lies across the girl's feet with her head on her paws, eyes following the brush. Sound: brush strokes, the girl saying "ow, ow", morning radio faintly in the kitchen. 20-25s (Jacket by the door): Front door area, cool morning daylight through the open door, coats on wall hooks. The dad, a man in his late 30s with a short dark beard, helps the son push his arms into a navy jacket. The dog circles around their legs once, tail wagging, then sits and looks out the open door. Sound: keys jingling, birds outside, dad saying "okay, go go go".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
