MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Plates arrive): Dining room in the evening, a warm ceiling light over a wooden table, mismatched chairs. The mom, a woman in her mid 30s with shoulder-length brown hair, sets down plates of plain pasta. The dog walks in from the hallway and sniffs the air near the table edge. Sound: plates clinking, chairs scraping, mom calling "dinner!". 5-10s (Under the table): Low camera view under the dining table in the evening, warm lamp light from above, kids' socked feet swinging beneath the chairs and table legs all around. The dog lies stretched out on the wooden floor in the middle of it all, head up, looking around. Sound: muffled chatter above, forks on plates, feet tapping. 10-15s (Chin on a sneaker): Under the dining table, evening home lighting. The son's foot in a white sneaker rests on the floor and the dog lays her chin right on top of it, eyes looking up. The boy's hand comes down and pats her head. Sound: the boy whispering "hi", dad saying "hands on the table". 15-20s (Polite no): Dining room, evening warm ceiling light. The dad, a man in his late 30s with a short dark beard, looks down beside his chair where the dog sits staring at his plate. He shakes his head and points to the floor, and the dog lies down with a small huff. Sound: dad saying "no table food, lie down", a small sigh from the dog. 20-25s (Her own dinner): Kitchen after dinner, evening ceiling light, dishes stacked by the sink. The mom sets a steel bowl of kibble with a few carrot pieces on top onto a mat on the tile floor. The dog dives in right away, kibble rattling against the bowl. Sound: kibble crunching, bowl sliding on the floor, mom saying "there you go".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
