20-25s	Sweeping up

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Clearing plates): Dining room in the evening, warm ceiling light, crumbs and napkins on the wooden table. The son, an 11-year-old boy with short curly hair, carries a small stack of plates toward the kitchen. The dog follows right at his heels, nose in the air. Sound: plates clinking, footsteps, the boy saying "move, move". 5-10s (Rinsing cups): Kitchen sink, evening ceiling light, a window dark outside. The daughter, a 7-year-old girl with two braids, stands on a step stool rinsing plastic cups under running water. The dog lies on the striped kitchen mat right behind the stool. Sound: running water, cups clacking, the girl humming. 10-15s (Drying plates): Kitchen counter, evening home lighting. The son dries a white plate with a blue checked dish towel, the end of the towel dangling down. The dog stands up and sniffs the swinging towel end, and the boy swishes it gently over her nose. Sound: towel squeaking on the plate, the boy laughing. 15-20s (Dishwasher guard): Kitchen, evening ceiling light, the dishwasher door open with a half-filled rack. The dad, a man in his late 30s with a short dark beard, loads a bowl while the dog leans toward the open door. He blocks her gently with his leg and she sits back down. Sound: rack sliding, dishes clinking, dad saying "nope, I see you". 20-25s (Sweeping up): Kitchen floor, evening ceiling light, beige tiles with a few crumbs. The mom, a woman in her mid 30s with shoulder-length brown hair, sweeps with a broom toward a dustpan. The dog steps out of the way, then flops down on her side by the back door. Sound: broom bristles, dustpan scraping, a tired dog groan.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
