MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Pancake flip): Kitchen on a late Saturday morning, bright window daylight, a frying pan on the stove. The dad, a man in his late 30s with a short dark beard and a t-shirt, flips a pancake with a spatula. The dog lies on a rug at a safe distance from the stove, watching. Sound: sizzling butter, spatula scraping, dad saying "perfect one". 5-10s (Setting the table): Wooden back deck, sunny late morning, a round patio table and folding chairs, potted herbs on the railing. The daughter, a 7-year-old girl with two braids, sets paper napkins at each place. The dog lies stretched out on the warm deck boards nearby. Sound: birds, wind chimes, napkins flapping in the breeze. 10-15s (Juice pouring): Back deck, sunny late morning, a stack of pancakes and a bowl of strawberries on the table. The mom, a woman in her mid 30s with shoulder-length brown hair, pours orange juice into glasses. The dog sits beside her chair, nose sniffing the breeze. Sound: juice pouring, glasses clinking, a lawnmower in the distance. 15-20s (Grandma arrives): Backyard by a wooden side gate, sunny late morning, patchy grass. The grandma, a woman in her late 60s with short grey hair and glasses, opens the gate carrying a small cake tin. The dog trots over wagging her whole back end and sniffs the grandma's hand. Sound: gate latch clicking, grandma saying "hello, sweetheart". 20-25s (Her brunch): Back deck at the table, sunny late morning. The son, an 11-year-old boy with short curly hair, holds a seedless apple slice down beside his chair. The dog takes it gently, then lies down under the table between everyone's feet to chew. Sound: crunching, family chatter, the boy saying "apple only, sorry".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
