MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Mat rollout): Living room in the morning, plain window daylight, the coffee table pushed aside. The mom, a woman in her mid 30s with shoulder-length brown hair in a ponytail and leggings, rolls out a purple yoga mat. The dog walks straight onto the mat and lies down. Sound: mat unrolling, mom laughing "really?". 5-10s (Jumping jacks): Living room, morning window light. The mom and the daughter, a 7-year-old girl with two braids, do jumping jacks side by side on the carpet. The dog bounces on her front paws in front of them and gives one playful bark. Sound: feet thumping, counting "seven, eight", one bark. 10-15s (Plank inspection): Living room, morning daylight. The mom and the son, an 11-year-old boy with short curly hair, hold a plank on two mats. The dog walks over and sniffs the mom's face, then licks her ear, and she collapses laughing onto the mat. Sound: heavy breathing, mom laughing "no fair!". 15-20s (Toe touches): Living room, morning window light. The daughter bends forward touching her toes on the mat with her braids hanging down. The dog sniffs one of the braids and the girl giggles without standing up. A pair of small pink sneakers lies kicked off at the edge of the mat. Sound: giggling, quiet workout music from a speaker. 20-25s (Water break): Kitchen doorway, morning daylight, beige tiles. The mom and both kids sit on the floor drinking from water bottles, red-faced. The dog drinks noisily from her steel water bowl beside them, water dripping off her chin. A rolled-up yoga mat leans against the wall behind them. Sound: loud lapping, everyone panting, the boy saying "she didn't even work out".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
