Family Music Practice

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Music practice day in the living room with the dog as the audience: piano scales, a squeaky recorder, dad's guitar, mom's tambourine and a messy family jam.

TIMELINE

0-5s	Piano scales
5-10s	Recorder squeak
10-15s	Dad's guitar
15-20s	Tambourine
20-25s	Family jam

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Piano scales): Living room, late afternoon window light, an old upright brown piano against the wall. The son, an 11-year-old boy with short curly hair, plays scales on the keys. The dog lies under the piano bench, her head resting on his sneaker. Sound: slightly out-of-tune piano scales, birds outside. 5-10s (Recorder squeak): Living room, afternoon daylight. The daughter, a 7-year-old girl with two braids, blows into a plastic recorder and hits a high squeaky note. The dog lifts her head, tilts it sharply and lets out a soft little howl. The girl looks at the dog with wide eyes and tries the note again, softer. Sound: a squeaky recorder note, a soft howl, the girl laughing. 10-15s (Dad's guitar): Living room couch, early evening lamp light. The dad, a man in his late 30s with a short dark beard, strums an acoustic guitar slowly. The dog sits pressed against his leg with her eyes half closed. A mug of coffee sits on the side table next to a folded music stand. Sound: gentle guitar chords, dad humming. 15-20s (Tambourine): Living room, evening lamp light. The mom, a woman in her mid 30s with shoulder-length brown hair, shakes a tambourine. The dog's ears pop up and she trots over to sniff the jingling tambourine, tail wagging. The mom holds it lower so the dog can sniff, then shakes it again softly. Sound: tambourine jingling, tags jingling, mom laughing. 20-25s (Family jam): Living room, evening warm lamps. Dad on guitar, the daughter on recorder and the mom on tambourine play together badly on the couch and the floor. The dog lies on the rug in the middle of them, tail sweeping back and forth. Sound: a noisy happy jam, everyone laughing, one bark.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Piano scales

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Living room, late afternoon window light, an old upright brown piano against the wall. The son, an 11-year-old boy with short curly hair, plays scales on the keys. The dog lies under the piano bench, her head resting on his sneaker. Sound: slightly out-of-tune piano scales, birds outside.

Clip 2 | 5-10s | Recorder squeak

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Living room, afternoon daylight. The daughter, a 7-year-old girl with two braids, blows into a plastic recorder and hits a high squeaky note. The dog lifts her head, tilts it sharply and lets out a soft little howl. The girl looks at the dog with wide eyes and tries the note again, softer. Sound: a squeaky recorder note, a soft howl, the girl laughing.

Clip 3 | 10-15s | Dad's guitar

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
