Family Sick Day on the Couch

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Both kids home sick and the dog on full nurse duty: the blanket nest, mom checking foreheads, a sneeze, a soup tray and a nap together on the couch.

TIMELINE

0-5s	Blanket nest
5-10s	Forehead check
10-15s	Sneeze
15-20s	Soup tray
20-25s	Nap together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Blanket nest): Living room on a grey rainy morning, dull window light, a couch piled with pillows and blankets. The son, an 11-year-old boy with short curly hair, lies under a fleece blanket. The dog lies on the floor beside him with her head resting on the cushion. Sound: rain on the window, a stuffy cough. 5-10s (Forehead check): Living room, rainy morning daylight. The mom, a woman in her mid 30s with shoulder-length brown hair, sits on the couch edge and presses the back of her hand to the daughter's forehead. The dog pushes her nose under the girl's hand too. Sound: mom saying "still a little warm", a soft whine. 10-15s (Sneeze): Living room, grey daylight, a tissue box on the coffee table. The daughter, a 7-year-old girl with two braids and a blanket around her shoulders, sneezes loudly. The dog flicks her ears back, blinks, then sniffs the girl's face. The girl laughs weakly and pats the dog's head with a tissue in her other hand. Sound: a big sneeze, mom saying "bless you". 15-20s (Soup tray): Living room, midday rainy light. The dad, a man in his late 30s with a short dark beard, carries a tray with two bowls of soup and crackers. The dog follows with her nose up and he says no, so she lies back down by the couch. Sound: spoons clinking, dad saying "not for you, nurse". 20-25s (Nap together): Living room, quiet afternoon, rain still on the window, a lamp on. Both kids are asleep under blankets at opposite ends of the couch. The dog has climbed up between them and lies curled in the middle, eyes closed. Rain keeps running down the window behind the couch. Sound: rain, soft breathing, a quiet dog snore.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
