## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Son's room): Boy's bedroom at night, a warm desk lamp, posters with no readable words on the wall. The son, an 11-year-old boy with short curly hair, reads a book in bed. The dog walks in and bumps his hand with her nose, and he scratches her head. Sound: page turning, the boy whispering "night, girl". 5-10s (Daughter asleep): Little girl's bedroom at night, only a small nightlight on, a purple comforter. The daughter, a 7-year-old girl with two braids, sleeps holding a stuffed bunny. The dog quietly sniffs her hand on the blanket, then turns and pads out. Sound: soft breathing, quiet claws on the floor. 10-15s (Grandma's room): Small guest room at night, a warm bedside lamp, a quilt on the bed. The grandma, a woman in her late 60s with short grey hair and glasses, sits in bed with her knitting. The dog rests her chin on the quilt and the grandma strokes her head. Sound: knitting needles clicking, grandma saying "goodnight, my dear". 15-20s (Mom and dad): Parents' bedroom at night, a dim bedside lamp. The mom, a woman in her mid 30s with shoulder-length brown hair, and the dad, a man in his late 30s with a short dark beard, lie in bed. The dog circles twice on her dog bed at the foot of the bed. Sound: mom whispering "did you check on everyone?", a dog bed creaking. 20-25s (Front door check): Dark front hallway at night, faint light from a lamp in the next room, shoes lined up on the mat. The dog walks to the front door, sniffs along the bottom edge, then lies down on the mat facing the door with a deep sigh. Sound: quiet house, the fridge humming far away, a long dog sigh.

#### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
