Our Family Road Trip Begins

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The first hours of a family road trip: loading the van, the dog clipped into her harness in the back, the kids buckling in, watching the highway roll by and a first leg stretch at a quiet pullout.

TIMELINE

0-5s	Loading the van
5-10s	Harness clip-in
10-15s	Kids buckle up
15-20s	Highway window view
20-25s	Pullout leg stretch

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Loading the van): Suburban driveway, early morning, flat overcast daylight, a grey minivan with the rear hatch open. The dad, a man in his late 30s with a short dark beard, lifts a duffel bag into the back while the dog sits on the concrete beside his feet, watching every bag go in, tail sweeping slowly across the ground. Sound: hatch creaking, bag thumping, birds, dad says "almost ready, girl". 5-10s (Harness clip-in): Inside the minivan's back row area, morning daylight through tinted windows. The dog has hopped in and stands on a folded grey blanket. The dad's hands clip a short seatbelt tether onto the back of her padded black harness, then give her chest a quick pat. She sits down and looks out the side window. Sound: buckle clicking, blanket rustling, tags jingling, dad says "there you go". 10-15s (Kids buckle up): Middle row of the minivan, morning daylight, crumbs and a water bottle in a cup holder. The daughter, a 7-year-old girl with two braids, pulls her seatbelt across and clicks it, then twists around to look back at the dog behind her seat. The dog leans forward and sniffs her braid. Sound: seatbelt clicking, giggle, engine starting, daughter says "road trip!". 15-20s (Highway window view): Inside the moving minivan, bright late-morning daylight, open highway and green fields passing outside. Filmed from the middle row looking back, the dog sits calmly in her harness on the blanket, ears up, watching the trees and fields go by through the closed side window, nose leaving small smudges on the glass. Sound: steady road hum, turn signal ticking, quiet radio talk, the dog's soft sniffing. 20-25s (Pullout leg stretch): Gravel roadside pullout, sunny midday, low hills and a wooden rail behind. The mom, a woman in her mid 30s with shoulder-length brown hair, walks the dog on a purple leash along the patchy grass edge. The dog sniffs a clump of weeds, then shakes her whole body and trots back toward the van. Sound: gravel crunching, wind, passing car far off, mom says "good stretch?".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Loading the van

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Suburban driveway, early morning, flat overcast daylight, a grey minivan with the rear hatch open. The dad, a man in his late 30s with a short dark beard, lifts a duffel bag into the back while the dog sits on the concrete beside his feet, watching every bag go in, tail sweeping slowly across the ground. Sound: hatch creaking, bag thumping, birds, dad says "almost ready, girl".

Clip 2 | 5-10s | Harness clip-in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Inside the minivan's back row area, morning daylight through tinted windows. The dog has hopped in and stands on a folded grey blanket. The dad's hands clip a short seatbelt tether onto the back of her padded black harness, then give her chest a quick pat. She sits down and looks out the side window. Sound: buckle clicking, blanket rustling, tags jingling, dad says "there you go".

Clip 3 | 10-15s | Kids buckle up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
