Cheering at the Kids' Soccer Game

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A Saturday youth soccer game from the sidelines: finding a spot, the dog watching the ball, cheering a goal, an orange-slice halftime and a post-game hug for the daughter.

TIMELINE

0-5s	Sideline setup
5-10s	Watching the ball
10-15s	Cheering a goal
15-20s	Halftime orange slices
20-25s	Post-game hug

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Sideline setup): Edge of a grassy youth soccer field, cool Saturday morning, bright overcast sky, folding camp chairs lined along the sideline. The dad, a man in his late 30s with a short dark beard, unfolds a green chair while the dog sits next to it on a short leash, watching small kids in bright jerseys warm up. Sound: chair snapping open, whistles, kids shouting, dad says "right here". 5-10s (Watching the ball): Soccer field sideline, morning daylight, white goal net in the distance. The dog lies on the grass beside the camp chairs, leash looped on the dad's wrist. Her head turns left and right following the black and white ball as a group of young players chase it across the field, ears perked. Sound: ball thumping, coach's whistle, parents chatting, the dog's soft whine. 10-15s (Cheering a goal): Soccer field sideline, bright overcast morning. The mom, a woman in her mid 30s with shoulder-length brown hair, jumps up from her chair clapping as the ball rolls into the net. The dog stands up on her leash, tail wagging fast, and gives one happy bark at all the noise. Sound: parents cheering, clapping, one bark, mom shouting "go, go, yes!". 15-20s (Halftime orange slices): Sideline near the camp chairs, morning daylight, a cooler and a plastic tub of orange slices on the grass. The daughter, a 7-year-old girl with two braids, in a red jersey and shin guards, sits on the cooler eating an orange slice. The dog sniffs her muddy cleats and she giggles. Sound: slurping orange, giggling, whistle blowing, daughter says "I almost scored". 20-25s (Post-game hug): Soccer field sideline after the game, late morning sun breaking through clouds, kids walking off with water bottles. The daughter kneels on the grass and wraps her arms around the dog's neck while the dad holds the leash. The dog licks her sweaty cheek and wags her tail. Sound: kids chattering, cleats on grass, giggle, dad says "great game, kiddo".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
