MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Umbrella setup): Small sandy lake beach, hot sunny late morning, calm blue water and pine trees on the far shore. The dad, a man in his late 30s with a short dark beard, twists a striped umbrella pole into the sand. The dog stands on her leash beside the cooler, sniffing the sand and his flip-flops. Sound: sand crunching, kids playing far off, small waves lapping, dad grunting. 5-10s (Life vest on): Under the striped beach umbrella, bright sunny day, towels on the sand. The mom, a woman in her mid 30s with shoulder-length brown hair, buckles a bright orange dog life vest around the dog's chest and belly. The dog stands still, then shakes her head, ears flapping, and looks toward the water. Sound: buckles clicking, ears flapping, mom says "safety first, lady". 10-15s (Shallow wading): Calm shallow edge of the lake, bright midday sunshine, clear water over sand. The dad wades knee-deep holding the handle on top of the dog's orange life vest as she paddles in a small circle beside him, head up, then her paws find the sandy bottom and she walks back toward shore. Sound: splashing, paddling paws, dad saying "good swimming", kids laughing. 15-20s (Kids splashing): Lake shallows, hot sunny afternoon, calm water. The son, an 11-year-old boy with short curly hair, and the daughter, a 7-year-old girl with two braids, stand ankle-deep splashing water with their hands. The dog, still in her life vest on a leash held by the mom, wades in and snaps happily at the splashes. Sound: splashing, squeals, the dog's playful snort, mom laughing. 20-25s (Towel and shade): Under the striped umbrella on the sandy lake beach, afternoon sunshine outside the shade. Life vest off, the dog shakes off a spray of water right next to the towels, making the daughter squeal, then flops down on a striped towel in the shade, wet sand stuck to her belly. Sound: water spraying, squeal, "no, my towel!", happy panting, waves lapping.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
