Sandcastle Day at the Beach

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A beach day building sandcastles: digging the moat, packing buckets, the dog digging her own hole nearby, a wave filling the moat and a sandy nap.

TIMELINE

0-5s	Digging the moat
5-10s	Bucket tower
10-15s	Her own hole
15-20s	Wave fills moat
20-25s	Sandy nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Digging the moat): Ocean beach, sunny morning, damp packed sand near the water line, small waves behind. The son, an 11-year-old boy with short curly hair, digs a circle in the wet sand with a plastic shovel. The dog lies on a leash tied to a beach chair, watching the sand fly with her head tilted. Sound: waves rolling in, shovel scraping, gulls calling, son says "deeper". 5-10s (Bucket tower): Wet sand on the beach, bright morning sunshine, a blue plastic bucket. The daughter, a 7-year-old girl with two braids, flips the bucket over and lifts it off, leaving a neat sand tower. The dog stretches her nose toward it and sniffs. The mom's hand gently holds her collar back. Sound: bucket thumping, waves, daughter saying "don't knock it". 10-15s (Her own hole): Beach a few feet from the sandcastle, sunny late morning, dry fluffy sand. The dog, still on her long leash, digs a hole with both front paws, sand spraying back between her legs. She stops, sticks her nose deep into the hole, sniffs, then digs again even faster. Sound: sand spraying, snorting, gulls, mom laughing "she's helping too". 15-20s (Wave fills moat): Edge of the surf, bright late-morning sun, a lumpy sandcastle with a moat. A small foamy wave rolls up and fills the moat with water. The kids cheer. The dog steps forward on her leash and sniffs the foam, then jumps back as more water trickles in around her paws. Sound: wave hissing in, kids cheering, splash, son shouting "it worked!". 20-25s (Sandy nap): Under a beach umbrella, sunny midday, beach towels and a cooler around. The dog lies on her side on a towel, her face and legs covered in sand, eyes half closed. The dad, a man in his late 30s with a short dark beard, brushes sand off her ear with his hand. Sound: waves, gulls, the dog's sleepy sigh, dad says "you're a sand monster".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Digging the moat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Ocean beach, sunny morning, damp packed sand near the water line, small waves behind. The son, an 11-year-old boy with short curly hair, digs a circle in the wet sand with a plastic shovel. The dog lies on a leash tied to a beach chair, watching the sand fly with her head tilted. Sound: waves rolling in, shovel scraping, gulls calling, son says "deeper".

Clip 2 | 5-10s | Bucket tower

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
