MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Filling the bucket): Driveway in front of the house, warm sunny afternoon, the grey minivan parked with dusty sides. The son, an 11-year-old boy with short curly hair, fills a yellow bucket with the hose, foam rising. The dog stands nearby on the concrete, sniffing the bubbles spilling over the rim. Sound: water running into the bucket, birds, son says "bubbles!". 5-10s (Soapy sponges): Driveway beside the grey minivan, bright afternoon sunshine. The daughter, a 7-year-old girl with two braids, scrubs the side door with a big soapy sponge, suds running down. The dog sniffs the sponge, gets foam on her nose and sneezes, stepping back. Sound: sponge squishing, a sneeze, daughter laughing "bless you". 10-15s (Avoiding the suds): Driveway, sunny afternoon, soapy water running toward the curb. The dog walks carefully around a puddle of suds, lifting her paws high, and lies down on the dry grass at the edge of the driveway, watching the kids scrub from a safe distance. Sound: water trickling, scrubbing, mom saying "smart girl". 15-20s (Hose rinse): Driveway beside the soapy minivan, bright warm afternoon. The dad, a man in his late 30s with a short dark beard, sprays the van's roof with the hose, water sheeting down. The dog jumps up from the grass and trots right into the spray mist, snapping at the water drops. Sound: hose spraying, water drumming on metal, kids yelling "she's in it!". 20-25s (Towel-dry): Edge of the wet driveway, late afternoon sunshine, the clean minivan shining behind. The mom, a woman in her mid 30s with shoulder-length brown hair, rubs the dripping dog with an old striped beach towel. The dog leans into it, then shakes hard, spraying everyone. Sound: towel rubbing, spray, laughter, mom saying "now two things are clean".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
