Pumpkin Carving on the Porch

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

An autumn evening carving pumpkins on the front porch: scooping seeds, the dad doing the knife work, the dog sniffing the pulp, a plain pumpkin taste and lighting the finished faces.

TIMELINE

0-5s	Scooping seeds
5-10s	Dad carving
10-15s	Sniffing the pulp
15-20s	Plain pumpkin taste
20-25s	Lit pumpkins

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Scooping seeds): Front porch, cool autumn late afternoon, soft fading daylight, newspaper spread on the wooden boards. The daughter, a 7-year-old girl with two braids, scoops stringy orange pulp out of a pumpkin with a big spoon. The dog lies beside the newspaper, nose twitching at the smell. Sound: spoon scraping, leaves blowing, daughter saying "it's so slimy". 5-10s (Dad carving): Front porch, autumn dusk, porch light just switched on, pumpkins on newspaper. The dad, a man in his late 30s with a short dark beard, carefully cuts a triangle eye with a carving knife while the kids watch from across the newspaper. The dog rests on the far side, away from the knife. Sound: knife sawing pumpkin, wind chimes, dad says "adults only for this part". 10-15s (Sniffing the pulp): Front porch, early evening under the yellow porch light, a bowl of pumpkin guts on the newspaper. The dog stretches her neck to sniff the bowl. The son, an 11-year-old boy with short curly hair, slides it away and she sneezes at a string of pulp on her nose. Sound: sniffing, sneeze, son laughing "that's gross, girl". 15-20s (Plain pumpkin taste): Front porch under the warm porch light, evening, autumn leaves on the steps. The mom, a woman in her mid 30s with shoulder-length brown hair, offers a small spoon of plain canned pumpkin. The dog licks the spoon clean and keeps licking her lips afterward. Sound: licking, wind, mom saying "plain pumpkin is okay for you". 20-25s (Lit pumpkins): Front porch steps at night, dark yard, three carved pumpkins lit from inside by small battery tea lights. The dog sits on the step beside them, looking at the flickering faces with her head tilted, ears perked, while the kids crouch next to her. Sound: crickets, leaves rustling, kids saying "ooh, spooky".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
