MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Bandana on): Front hallway, early evening, warm ceiling light, shoes and a plastic pumpkin bucket by the door. The mom, a woman in her mid 30s with shoulder-length brown hair, ties a simple orange bandana loosely around the dog's neck. The dog sits calmly and sniffs the bucket. Sound: bandana rustling, kids excited in the background, mom says "so cute". 5-10s (Costume sidewalk): Neighborhood sidewalk at dusk, streetlights on, carved pumpkins on porches. The son, an 11-year-old boy with short curly hair, dressed as a knight, and the daughter, a 7-year-old girl with two braids, in a witch hat, walk ahead. The dog walks on a short leash beside the dad. Sound: footsteps, leaves crunching, kids chattering, distant laughter. 10-15s (Waiting at driveway): End of a neighbor's driveway at night, porch light and pumpkins at the door far ahead. The dog sits on her leash next to the dad, a man in his late 30s with a short dark beard, watching the kids walk up to the porch. Her ears swivel at the sound of a doorbell. Sound: doorbell, kids saying "trick or treat", dad says "we'll wait here". 15-20s (Candy check): Sidewalk under a streetlight, Halloween night, fallen leaves. The daughter tips her pumpkin bucket to show the camera her wrapped candy. The dog leans in to sniff and the dad gently pulls the leash back while the daughter holds the bucket up high. Sound: candy rattling, daughter saying "no candy for dogs", leaves blowing. 20-25s (Biscuit at home): Living room at night, warm lamp light, kids on the couch sorting candy into piles far from the floor. The mom kneels on the rug and gives the dog a plain dog biscuit. The dog crunches it happily, still wearing her orange bandana. Sound: wrappers crinkling, crunching, mom says "this one's yours".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
