MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Bundling up): Front hallway, early winter morning, pale grey daylight through the door window, boots and coats on hooks. The mom, a woman in her mid 30s with shoulder-length brown hair, zips the daughter's puffy coat. The dog stands waiting at the door, tail wagging, purple leash already clipped on. Sound: zipper, tags jingling, mom says "first walk of the year". 5-10s (Frosty sidewalk): Quiet neighborhood sidewalk, cold New Year's morning, white frost on lawns and parked cars, pale overcast sky. The dad, a man in his late 30s with a short dark beard, walks the dog on her leash. Her breath and his make small puffs of steam in the cold air. Sound: frost crunching, quiet street, breath puffing, dad says "so quiet out". 10-15s (Frozen leaves): Edge of a frosty lawn beside the sidewalk, cold grey morning light. The dog sniffs a pile of frozen brown leaves sparkling with frost, pawing at them, and they crackle. The son, an 11-year-old boy with short curly hair, in a knit hat, stomps on a frozen leaf beside her. Sound: leaves crackling, son laughing, cold wind. 15-20s (Footbridge pause): Small wooden footbridge over a creek in a neighborhood park, frosty morning, pale winter sun low behind bare trees. The family stops in the middle. The dog puts her front paws on the lower rail, held on leash by the daughter, and looks down at the water. Sound: creek running, boards creaking, daughter saying "happy new year, creek". 20-25s (Warm drinks home): Kitchen at home, mid-morning, pale window daylight, wet boots by the back door. The mom holds a mug of coffee and the kids sip hot cocoa at the table. The dog lies on the floor mat by the radiator, stretching out her legs with a big sigh. Sound: mugs clinking, radiator ticking, big sigh, mom says "good start".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
