MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Heading out): Front porch, rainy spring afternoon, grey light, rain dripping off the gutter. The mom, a woman in her mid 30s with shoulder-length brown hair, opens a big black umbrella. The dog, in a yellow dog raincoat and on a leash, steps down the wet porch stairs, flinching at the drips. Sound: rain pattering, umbrella popping open, mom says "here we go". 5-10s (Puddle jumping): Neighborhood sidewalk in the rain, flat grey daylight, big puddles along the curb. The daughter, a 7-year-old girl with two braids, in red rain boots and a clear umbrella, jumps into a puddle with both feet. The dog watches from beside the mom, then shakes off the splash. Sound: big splash, rain on umbrellas, daughter squealing. 10-15s (Stepping around): Wet sidewalk in light rain, grey afternoon, leaves stuck to the pavement. The dog carefully walks around the edge of a wide puddle on her leash, nose down, while the son, an 11-year-old boy with short curly hair, in green boots, stomps straight through it. Sound: splashing boots, rain pattering, son laughing "she hates puddles". 15-20s (Wet flower bed): Edge of a neighbor's front yard in the rain, grey afternoon light, a bed of wet tulips and mulch. The dog sniffs along the wet mulch at the sidewalk edge, rain beading on her raincoat and dripping from her ears, while the mom holds the umbrella over both of them. Sound: rain drumming on the umbrella, sniffing, car swishing past. 20-25s (Towel at the door): Front entryway, warm ceiling light, wet boots and dripping umbrellas on a rubber mat. The mom unbuckles the yellow raincoat and the daughter rubs the dog's legs and paws with a grey towel. The dog shakes once, spraying the walls, and the kids shriek. Sound: towel rubbing, spray, kids shrieking, mom says "every time".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
