Learning to Ride a Bike With Her Cheering

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Our daughter learns to ride without training wheels while the dog cheers from the grass: helmet on, dad holding the seat, the first solo ride, a soft tumble and a victory lap.

TIMELINE

0-5s	Helmet on
5-10s	Dad holds the seat
10-15s	First solo ride
15-20s	Soft tumble
20-25s	Victory lap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Helmet on): Driveway, Saturday morning, overcast daylight, a small purple bike with the training wheels removed lying nearby. The dad, a man in his late 30s with a short dark beard, buckles a helmet under the chin of the daughter, a 7-year-old girl with two braids. The dog sniffs the bike's front tire and the pedals. Sound: helmet buckle clicking, sniffing, dad says "ready?". 5-10s (Dad holds the seat): Paved path in a quiet park, overcast morning, grass on both sides. The dad, a man with a short dark beard, jogs bent over holding the back of the seat while the daughter with two braids pedals wobbly. The dog trots on the grass beside them on a leash held by the mom, a woman with shoulder-length brown hair. Sound: bike chain clicking, dad puffing, the dog's excited little barks. 10-15s (First solo ride): Same park path, grey morning light. The dad, a man with a short dark beard, lets go and stops, arms raised. The daughter, a 7-year-old girl with two braids, pedals alone for several meters. On the grass the dog barks twice and bounces at the end of her leash, tail wagging hard. Sound: two happy barks, dad shouts "you're doing it!", mom cheering. 15-20s (Soft tumble): Grass at the edge of the park path, overcast daylight. The daughter, a girl with two braids and a helmet, wobbles and tips slowly onto the soft grass with the bike. The dog trots straight over, sniffs her face and helmet, and the girl laughs while the dad walks up to lift the bike. Sound: bike clattering softly, girl laughing, sniffing, dad says "you okay?". 20-25s (Victory lap): Park path, the sun breaking through the clouds, natural daylight. The daughter, a 7-year-old girl with two braids, rides a small loop on her own and stops beside the mom, a woman with shoulder-length brown hair, who holds the dog's leash. The girl drops the bike and hugs the dog around the neck. Sound: bike bell ringing, happy panting, girl shouts "I did it!".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Helmet on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Driveway, Saturday morning, overcast daylight, a small purple bike with the training wheels removed lying nearby. The dad, a man in his late 30s with a short dark beard, buckles a helmet under the chin of the daughter, a 7-year-old girl with two braids. The dog sniffs the bike's front tire and the pedals. Sound: helmet buckle clicking, sniffing, dad says "ready?".

Clip 2 | 5-10s | Dad holds the seat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Paved path in a quiet park, overcast morning, grass on both sides. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
