MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Setting it up): Backyard, sunny afternoon, slightly uneven grass, wooden fence. The son, an 11-year-old boy with short curly hair, lays three bright pool noodles flat on the grass in a row, and the daughter, a 7-year-old girl with two braids, drops a hula hoop on the ground. The dog sniffs each noodle as it lands. Sound: birds, kids talking, sniffing, the son says "noodles here". 5-10s (Over the noodles): Same backyard, sunny afternoon, natural daylight. The daughter, a 7-year-old girl with two braids, walks backward holding a treat at the dog's nose. The dog steps carefully over each pool noodle lying on the grass, lifting her paws high, then trots faster over the last one. Sound: soft paw steps, girl counts "one, two, three", happy laughing. 10-15s (Hula hoop sit): Backyard grass, afternoon sun, a purple hula hoop lying flat on the ground. The son, an 11-year-old boy with short curly hair, points into the hoop. The dog walks into the middle of the hoop and sits down neatly. The boy holds up his hands like a referee and gives her a treat. Sound: boy says "in the circle, sit", crunching, sister clapping. 15-20s (Low bench hop): Backyard, sunny afternoon, a low wooden garden bench sitting on the grass. The daughter, a girl with two braids, pats the bench seat. The dog hops up with her front paws, then all four, stands on the bench wagging for a second and hops down the other side onto the grass. Sound: paws on wood, a soft thud, kids cheering "good job!". 20-25s (Full run): Backyard, late afternoon, warm natural daylight, the noodles, hoop and bench set up in a line. The son with short curly hair and the daughter with two braids jog beside the dog as she goes over the noodles, through the hoop and over the bench, then everyone flops on the grass laughing. Sound: kids cheering, panting, laughing, dad off camera says "champion".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
