MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Filling the tub): Backyard, hot sunny afternoon, green grass and a wooden fence. The son, an 11-year-old boy with short curly hair, fills a big grey plastic tub with the garden hose. The dog walks around the tub sniffing the water and dips one front paw in, then pulls it out. Sound: water splashing, birds, boy laughs "it's not cold". 5-10s (First pour): Same backyard, sunny afternoon, the dog standing in the shallow tub. The mom, a woman in her mid 30s with shoulder-length brown hair, holds her collar loosely. The daughter, a 7-year-old girl with two braids, pours water from a plastic cup slowly over the dog's back. The dog stands still, ears back. Sound: water pouring, a soft whine, girl says "it's okay, it's okay". 10-15s (Suds everywhere): Backyard tub, warm afternoon sun. The son with short curly hair and the daughter with two braids rub dog shampoo into the dog's wet coat with both hands, white suds piling up on her back. The daughter puts a little foam on her own nose and giggles. The dog stands patiently. Sound: squishing suds, giggling, mom says "not in her eyes". 15-20s (Rinse and shake): Backyard, sunny afternoon, wet grass around the tub. The son, a boy with short curly hair, rinses the dog with a gentle shower spray from the hose. The dog steps out of the tub and does a huge shake, spraying both kids, who shriek and jump back laughing. Sound: hose spraying, a big shake, kids screaming and laughing. 20-25s (Towel chase): Backyard lawn, late afternoon, warm natural daylight. The daughter, a girl with two braids, tries to wrap an old striped beach towel around the dog. The dog wriggles free and does fast zoomies across the grass while both kids chase her holding the towel up. Sound: fast paws on grass, kids yelling "come back!", mom laughing.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
