MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Pulling weeds): Backyard vegetable garden, early morning, cool natural daylight, raised wooden beds and dew on the grass. The son, an 11-year-old boy with short curly hair, kneels and pulls weeds, tossing them into a bucket. The dog lies on the path beside the bed with her chin on her paws, watching. Sound: soil crumbling, birds, weeds dropping into a bucket. 5-10s (Carrot taste test): Same garden, morning light. The mom, a woman in her mid 30s with shoulder-length brown hair, pulls a small carrot from the soil, rinses it under the hose and snaps off a piece. The dog sits up straight, takes it gently from her fingers and crunches loudly. Sound: soil pulling, water, loud crunching, son says "she likes it". 10-15s (Watering the beans): Raised bed with green bean plants climbing a string trellis, morning sun, natural light. The son with short curly hair tips a green plastic watering can over the plants. The dog walks under the stream and snaps at the falling drops, getting her face wet. Sound: water sprinkling, snapping jaws, mom and son laughing. 15-20s (Shade by the shed): Corner of the garden next to a small wooden shed, mid morning, warm sunlight with cool shade. The dog lies stretched out on her side in the shade on the cool soil. The mom, a woman with shoulder-length brown hair, kneels nearby planting seedlings in a row. Sound: trowel in soil, a long dog sigh, birds, distant lawn mower. 20-25s (Wheelbarrow rest): Garden path, late morning, natural daylight. The mom, a woman with shoulder-length brown hair, and the son, a boy with short curly hair, sit side by side on the edge of a wheelbarrow with muddy knees. The dog walks up and rests her chin on the son's knee while he scratches her ears. Sound: birds, quiet talking, the son says "good helper", tail swishing.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
