MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Gentle hello): Aunt's living room, late morning, natural daylight from big windows, plain balloons in the corner. The aunt, a woman in her early 30s with a dark ponytail, sits on the couch holding the baby in her lap. The dog lies on the rug at her feet and slowly sniffs the baby's sock. Sound: baby babbling, soft sniffing, aunt says "say hi, gentle". 5-10s (Near the high chair): Dining area, midday, natural daylight, the baby in a high chair beside the table with the aunt, a woman with a dark ponytail, sitting right next to him. A small cake sits on the table. The dog lies quietly on the floor a short distance away, watching with calm eyes. Sound: family singing happy birthday, baby squealing, clapping. 10-15s (Her own biscuit): Kitchen corner, midday, natural daylight, plates of party food on the high counter out of reach. The mom, a woman in her mid 30s with shoulder-length brown hair, crouches and gives the dog a plain dog biscuit. The dog lies down on the tiles and crunches it between her paws. Sound: crunching, party chatter, mom says "this one's yours". 15-20s (Gifts on the rug): Living room rug, early afternoon, soft natural light. The aunt, a woman with a dark ponytail, sits on the floor with the baby in her lap, helping him pull tissue paper out of a gift bag. The dog lies calmly nearby with her head on her paws, watching the paper. Sound: tissue paper crinkling, baby giggling, the dog's slow breathing. 20-25s (Baby's nap): Living room, afternoon, curtains half drawn, soft dim daylight. The aunt, a woman with a dark ponytail, sits on the couch with the baby asleep on her chest. The dog lies on the rug right by her feet, also asleep, and lets out a small snore. Sound: quiet room, baby breathing, a small dog snore, aunt whispering "both out".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
