MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Gentle hand lesson): Living room, mid morning, natural daylight from the window, worn beige rug. The dog lies calmly on the rug. The mom, a woman in her mid 30s with shoulder-length brown hair, kneels behind the toddler nephew, a 2-year-old boy in overalls, and shows him a flat open hand. Sound: mom says "flat hand, gentle", toddler babbling. 5-10s (First pats): Same living room, natural daylight. The toddler, a 2-year-old boy in overalls, pats the dog's shoulder softly with his flat hand while the mom kneels right behind him, her hand near his. The dog stays lying down and her tail thumps slowly on the rug. Sound: soft pats, tail thumping, toddler giggling, mom says "so nice". 10-15s (Offering a toy): Living room rug, morning daylight. The toddler, a boy in overalls, holds out a soft plush duck to the dog with both hands. The mom, a woman with shoulder-length brown hair, sits beside him. The dog sniffs the duck calmly and does not take it, then licks her own nose. Sound: toddler says "duck!", sniffing, mom laughing softly. 15-20s (Side by side): Living room, late morning, soft natural light. The toddler, a 2-year-old boy in overalls, sits on the rug leaning against the lying dog's side. The mom, a woman with shoulder-length brown hair, sits right next to them. The dog stays still and gives the boy's hand one small lick. Sound: toddler giggling, quiet room, mom whispers "good girl". 20-25s (Waving goodbye): Front hallway, midday, daylight from the open door. The uncle, a man in his early 40s with glasses, holds the toddler on his hip at the door. The toddler waves his hand at the dog, who sits calmly on the mat below, tail sweeping the floor. Sound: toddler says "bye doggy", tail swishing, door creaking.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
