MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Flower bed): Grandma's front garden, sunny afternoon, natural daylight, colorful flower beds along a low brick edge. The grandma, a woman in her late 60s with short grey hair and glasses, kneels on a foam pad pulling a weed. The daughter, a 7-year-old girl with two braids, kneels beside her. The dog lies on the path. Sound: birds, soil rustling, grandma says "pull from the bottom". 5-10s (Old rose bush): Same garden, afternoon sun, a big pink rose bush by a white picket fence. The grandma, a woman with short grey hair and glasses, points at the roses while talking. The daughter with two braids smells a rose. The dog walks up and sniffs the leaves at the bottom of the bush. Sound: bees buzzing, grandma says "grandpa planted this one", sniffing. 10-15s (Bench stories): Old wooden garden bench, afternoon, dappled natural light through a tree. The grandma, a woman with short grey hair and glasses, sits telling a story with her hand resting on the dog's head. The daughter with two braids sits beside her listening, swinging her legs. Sound: grandma's soft storytelling voice, birds, leaves moving. 15-20s (Watering together): Flower bed, late afternoon, warm natural daylight. The daughter, a girl with two braids, tips a small tin watering can over the flowers. The grandma, a woman with short grey hair and glasses, guides the can with her hand. The dog sniffs the wet soil and gets drops on her nose. Sound: water trickling, a dog snort, grandma and girl laughing. 20-25s (Lemonade under the tree): Small round table under an apple tree, late afternoon, soft natural daylight, two glasses of lemonade on the table. The grandma with short grey hair and glasses and the daughter with two braids sit sipping. The dog lies at grandma's feet in the shade, eyes half closed. Sound: ice clinking in glasses, birds, a happy dog sigh, quiet chatting.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
