MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Arrivals at the gate): Backyard side gate, sunny summer midday, natural daylight, wooden fence. The uncle, a man in his early 40s with glasses, and an aunt, a woman with a dark ponytail, walk in carrying covered dishes. The dog trots up wagging her whole back end and sniffs their shoes. Sound: gate creaking, happy hellos, the uncle says "there's my girl". 5-10s (Food tables): Backyard, sunny midday, two tall folding tables covered with dishes under a shade canopy, well out of reach. The dad, a man in his late 30s with a short dark beard, arranges plates. The dog lies on the grass under a nearby tree, nose twitching toward the tables but staying put. Sound: chatter, plates clinking, dad says "stay, good girl", sniffing. 10-15s (Grandparents' chairs): Backyard lawn, early afternoon, shade from a big tree. The grandma, a woman in her late 60s with short grey hair and glasses, and the grandpa, a man in his early 70s, bald, wearing a flat cap, sit in lawn chairs. The dog lies on the grass between them while they both pet her. Sound: birds, relaxed talking, grandpa chuckling, a happy dog groan. 15-20s (Cousins' ball game): Open part of the lawn, sunny afternoon, natural daylight, patchy grass. The son, an 11-year-old boy with short curly hair, and a cousin, an 8-year-old boy in a striped shirt, toss a soft ball back and forth. The dog runs between them and catches a low throw in her mouth. Sound: kids shouting, panting, a soft ball thump, laughter. 20-25s (Family photo): Back porch steps, late afternoon, warm natural daylight. The grandma with short grey hair and glasses, the grandpa in a flat cap, the daughter with two braids and the son with short curly hair squeeze together on the steps. The dog sits in front of them, then turns and licks the grandpa's hand. Sound: mom says "everybody smile", laughing, grandpa says "she ruined it".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
