Puppy's First Family Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The whole family takes the puppy around the block for the first time: clipping the leash, a stubborn sit on the sidewalk, the daughter cheering her on, a leaf discovery, and a ride home in dad's arms.

TIMELINE

0-5s	Clipping the leash
5-10s	The stubborn sit
10-15s	Cheering her on
15-20s	Leaf discovery
20-25s	Carried home

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old female German Shepherd puppy with fluffy black and pale silver-cream fur, oversized paws and floppy ears, wearing a small purple collar. 0-5s (Clipping the leash): Front porch with grey painted boards and a doormat, cool morning daylight, kids' sneakers lined up by the door. The mom, a woman in her mid 30s with shoulder-length brown hair, crouches and clips a thin purple leash to the puppy's collar. The puppy chews at the leash and wags. Sound: leash clip clicking, birds, mom saying "ready for a big walk?". 5-10s (The stubborn sit): Quiet neighborhood sidewalk with cracked concrete and trimmed lawns, morning overcast light. The puppy plops down on her bottom and refuses to move, leash slightly taut. The dad, a man in his late 30s with a short dark beard, stands waiting with his hands on his hips, laughing. Sound: dad laughing, a distant lawn mower, mom saying "she's not going anywhere". 10-15s (Cheering her on): Same sidewalk a few houses along, overcast morning light. The daughter, a 7-year-old girl with two braids, crouches a few steps ahead and pats her knees. The puppy waddles toward her on big paws, ears flopping, and tumbles into her hands. The son, an 11-year-old boy with short curly hair, claps. Sound: daughter calling "come on, you can do it", tiny paw steps, clapping. 15-20s (Leaf discovery): Edge of the sidewalk by a patch of grass and a maple tree, scattered dry leaves, soft morning daylight. The puppy pounces on a crunchy brown leaf, picks it up, shakes her head and drops it, then sniffs it seriously while the kids crouch and watch her closely. Sound: leaves crunching, kids laughing, son saying "she found a leaf". 20-25s (Carried home): Walking back up the same quiet street toward the beige house, overcast daylight. The dad carries the tired puppy in the crook of his arm, her head resting on his forearm and eyes half closed. The kids walk beside him and the mom holds the loose leash. Sound: footsteps on concrete, birds, mom saying "one block and she's done".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Clipping the leash

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old female German Shepherd puppy with fluffy black and pale silver-cream fur, oversized paws and floppy ears, wearing a small purple collar. Front porch with grey painted boards and a doormat, cool morning daylight, kids' sneakers lined up by the door. The mom, a woman in her mid 30s with shoulder-length brown hair, crouches and clips a thin purple leash to the puppy's collar. The puppy chews at the leash and wags. Sound: leash clip clicking, birds, mom saying "ready for a big walk?".

Clip 2 | 5-10s | The stubborn sit

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
