The Puppy and the Toddler Cousin

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The little cousin visits and meets the puppy, always with a grown-up right there: a first look, gentle pats, a hand lick, rolling a soft ball, and a shared nap time.

TIMELINE

0-5s	First look
5-10s	Gentle pats
10-15s	A little lick
15-20s	Rolling the ball
20-25s	Nap time together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old female German Shepherd puppy with fluffy black and pale silver-cream fur, oversized paws and floppy ears, wearing a small purple collar. 0-5s (First look): Living room with a beige carpet and a couch, bright midday window light. The aunt, a woman in her early 30s with a dark ponytail, sits on the carpet holding her toddler, a 2-year-old boy in a striped shirt, on her lap. The puppy sits a few feet away and both stare at each other. Sound: toddler babbling, aunt saying "look, a puppy", quiet room. 5-10s (Gentle pats): Same carpet, midday window light. The aunt holds the toddler's small hand in hers and guides it to stroke the puppy's back softly. The puppy sits still, then sniffs the toddler's sock. The mom, a woman in her mid 30s with shoulder-length brown hair, kneels close beside them. Sound: aunt saying "gentle, gentle", toddler squealing happily, collar jingle. 10-15s (A little lick): Close view on the same living room carpet, bright natural light. The toddler, still sitting on the aunt's lap, holds out an open hand. The puppy sniffs it and gives it two quick licks. The toddler pulls his hand back, looks at it and bursts into giggles. Sound: toddler giggling, aunt laughing, puppy sniffing. 15-20s (Rolling the ball): Spread out on a soft blue blanket on the carpet, midday window light. The aunt sits with the toddler between her legs and helps him push a big soft plush ball. It rolls slowly to the puppy, who bats it with a paw and chases it a few feet. Sound: soft thump of the ball, toddler clapping, aunt saying "you did it". 20-25s (Nap time together): Couch in the same living room, early afternoon, curtains half drawn and dim soft light. The toddler sleeps on the aunt's chest as she sits on the couch. On the rug at her feet the puppy lies curled up asleep on the blue blanket, one paw twitching. Sound: quiet room, soft breathing, aunt whispering "both out cold".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | First look

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old female German Shepherd puppy with fluffy black and pale silver-cream fur, oversized paws and floppy ears, wearing a small purple collar. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
