Puppy's First Family Christmas

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The puppy's first Christmas with the family: sniffing the tree, playing in an empty box, opening her own gift, cuddles with grandma, and a nap by the tree.

TIMELINE

0-5s	Sniffing the tree
5-10s	The empty box
10-15s	Opening her gift
15-20s	Grandma cuddles
20-25s	Nap by the tree

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old female German Shepherd puppy with fluffy black and pale silver-cream fur, oversized paws and floppy ears, wearing a small purple collar. 0-5s (Sniffing the tree): Living room on Christmas morning, grey winter daylight from the window and small warm string lights on a real fir tree with only plush ornaments on the low branches. The puppy sniffs a low branch, sneezes, and backs up with her tail wagging. Wrapped gifts sit around the tree. Sound: soft holiday morning chatter, puppy sneezing, dad laughing. 5-10s (The empty box): Same living room floor covered in torn wrapping paper, morning winter daylight. An empty cardboard box lies on its side. The puppy climbs into it, tumbles over inside, then pokes her head out of the opening while the son, an 11-year-old boy with short curly hair, laughs beside it. Sound: cardboard rustling, paper crinkling, son laughing "she likes the box better". 10-15s (Opening her gift): Living room rug by the tree, grey morning light and string lights. The daughter, a 7-year-old girl with two braids, holds a loosely wrapped soft package in front of the puppy. The puppy grabs the paper and pulls, revealing a plush grey squeaky toy, which she pounces on. Sound: paper tearing, squeak toy squeaking, daughter cheering "it's a bunny!". 15-20s (Grandma cuddles): Armchair beside the tree, winter daylight from the window. The grandma, a woman in her late 60s with short grey hair and glasses, wearing a red holiday sweater, holds the puppy against her chest. The puppy chews gently on the cuff of her sleeve and grandma laughs softly. Sound: grandma chuckling, holiday chatter in the background, puppy grumbling. 20-25s (Nap by the tree): Floor beside the Christmas tree, late morning, grey daylight and small string lights. The puppy is fast asleep on a folded red blanket with the plush bunny tucked under her chin. The mom's hand, a woman's hand with a thin ring, reaches in and gently strokes her head. Sound: quiet room, distant kitchen sounds, mom whispering "merry Christmas, baby".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sniffing the tree

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old female German Shepherd puppy with fluffy black and pale silver-cream fur, oversized paws and floppy ears, wearing a small purple collar. Living room on Christmas morning, grey winter daylight from the window and small warm string lights on a real fir tree with only plush ornaments on the low branches. The puppy sniffs a low branch, sneezes, and backs up with her tail wagging. Wrapped gifts sit around the tree. Sound: soft holiday morning chatter, puppy sneezing, dad laughing.

Clip 2 | 5-10s | The empty box

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
