The Kids and the Dog Grow Up Together

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The same family a few years apart: the little kids leaning on her on the rug, the son learning to ride a bike with her trotting along, today's homework and fetch, and the older kids on the porch with her.

TIMELINE

0-5s	Little kids on the rug
5-10s	Learning to ride a bike
10-15s	Homework buddy now
15-20s	Fetch with the son
20-25s	Older kids on the porch

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Little kids on the rug): Living room with a worn grey rug, warm afternoon window light, toys scattered. A small 4-year-old girl with two short braids and an 8-year-old boy with short curly hair lie on the rug with their heads resting on the dog's side. The dog lies still, tail slowly sweeping the rug. Sound: kids giggling, toy rattle, mom saying "she's your pillow, huh". 5-10s (Learning to ride a bike): Quiet street outside the beige house, late afternoon daylight. The 8-year-old boy with short curly hair wobbles on a small blue bike while the dad, a man in his late 30s with a short dark beard, jogs beside holding the seat. The dog trots alongside on the grass verge. Sound: bike chain clicking, dad saying "keep pedaling", the dog's tags jingling. 10-15s (Homework buddy now): Kitchen table, evening, ordinary ceiling light on. The daughter, now a 7-year-old girl with two braids, sits coloring on plain paper with crayons. The dog lies on the floor right beside her chair and the girl's socked foot rests on the dog's back while she works. Sound: crayon scratching, kitchen clock ticking, the dog's soft sigh. 15-20s (Fetch with the son): Backyard with patchy grass and a wooden fence, overcast day. The son, now an 11-year-old boy with short curly hair, throws a worn tennis ball across the yard. The dog sprints after it, scoops it up and brings it straight back, dropping it at his sneakers. Sound: ball thump, panting, son saying "again?", birds. 20-25s (Older kids on the porch): Front porch steps of the beige house, soft evening daylight. A 10-year-old girl with long braids and a 14-year-old boy with short curly hair sit side by side on the steps, the dog sitting between them. Both kids lean on her shoulders and she leans back into them. Sound: crickets starting, quiet street, mom saying softly "look at you three".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Little kids on the rug

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Living room with a worn grey rug, warm afternoon window light, toys scattered. A small 4-year-old girl with two short braids and an 8-year-old boy with short curly hair lie on the rug with their heads resting on the dog's side. The dog lies still, tail slowly sweeping the rug. Sound: kids giggling, toy rattle, mom saying "she's your pillow, huh".

Clip 2 | 5-10s | Learning to ride a bike

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Quiet street outside the beige house, late afternoon daylight. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
