MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Kids run in): Parents' bedroom on a Saturday morning, soft grey daylight through half-open curtains, rumpled white duvet. The daughter, a 7-year-old girl with two braids, and the son, an 11-year-old boy with short curly hair, run in wearing pajamas and climb onto the bed laughing. Sound: little feet thumping, bed springs, mom groaning "it's so early". 5-10s (The dog jumps up): Same bedroom, soft morning daylight. The dog trots through the doorway, sees everyone on the bed, and hops up onto the end of the mattress. She walks across the duvet over everyone's legs, tail wagging, looking for the perfect spot between the kids. Sound: bed bouncing, tags jingling, kids squealing "she's coming!". 10-15s (Blanket fort): Same bed, grey morning light. The mom, a woman in her mid 30s with shoulder-length brown hair, lifts the duvet over everyone's heads like a tent. The dog pushes her head under the edge and squeezes into the dim space with the kids, who laugh. Sound: duvet rustling, muffled giggles, the dog snuffling. 15-20s (Belly up): On the bed in soft morning daylight, duvet pulled back. The dog rolls onto her back between the two kids, paws in the air, her head on a pillow. Both kids rub her belly at once and her back leg kicks lightly. Sound: kids laughing, the dog's happy grumble, sheets rustling. 20-25s (Kiss for dad): Pillow side of the bed, morning window light. The dad, a man in his late 30s with a short dark beard and messy hair, opens one eye. The dog crawls up and licks his cheek twice. He squints and laughs, pulling her close in a one-arm hug. Sound: licking, dad laughing "good morning to you too", kids cheering.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
