MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Goodbye hug): Front hallway by the door, morning daylight, shoes on a mat. The dad, a man in his late 30s with a short dark beard, kneels to hug the daughter, a 7-year-old girl with two braids, before work. The dog pushes her head between them and he wraps an arm around her too. Sound: keys jingling, daughter saying "bye, daddy", dog's tail hitting the wall. 5-10s (After school hug): Front yard by the walkway, afternoon overcast daylight. The son, an 11-year-old boy with short curly hair and a backpack, drops to his knees on the grass. The dog runs into his arms and leans her whole body against his chest while he hugs her neck. Sound: backpack thud, son laughing "I missed you too", birds. 10-15s (Kitchen good news): Kitchen with white cabinets, late afternoon window light. The mom, a woman in her mid 30s with shoulder-length brown hair, hugs the dad by the counter, both laughing. The dog stands up against the dad's hip with her front paws briefly, then drops down wagging. Sound: mom laughing "I got it!", dad cheering, claws on tile. 15-20s (Grandma's visit): Front porch of the beige house, early evening daylight. The grandma, a woman in her late 60s with short grey hair and glasses, hugs the daughter on the top step. The dog presses in against grandma's legs and grandma bends to hug her with one arm. Sound: grandma saying "there's my girls", screen door creaking, crickets. 20-25s (Bedtime group hug): Kids' bedroom at night, a bedside lamp on, striped duvet. The mom, the dad and both kids kneel on the rug in a tight hug. The dog shoves her way into the middle of the circle and everyone laughs, squeezing her in. Sound: everyone laughing, mom saying "okay, family hug", the dog's happy whine.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
