Waiting for Mom After Her Night Shift

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Early morning and she keeps watch for mom coming home from a night shift: lying by the door, checking on dad in the kitchen, perking up at headlights, greeting mom in scrubs, and resting on her lap.

TIMELINE

0-5s	Lying by the door
5-10s	Checking on dad
10-15s	Headlights
15-20s	Mom in scrubs
20-25s	Resting on her lap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Lying by the door): Front hallway before dawn, dim blue light through a small window, one small lamp on in the next room. The dog lies on the doormat facing the front door, chin on her paws, eyes open and ears turning at every small sound. Sound: quiet house, fridge hum, a bird starting to chirp outside. 5-10s (Checking on dad): Kitchen at dawn, one ordinary under-cabinet light on, grey sky in the window. The dad, a man in his late 30s with a short dark beard in a hoodie, pours coffee. The dog walks in, looks at him, then walks back toward the hallway and glances over her shoulder. Sound: coffee pouring, dad whispering "she'll be home soon", soft pawsteps. 10-15s (Headlights): Living room front window at dawn, pale grey light, sheer curtains. Car headlights sweep across the wall. The dog jumps up from the floor, stands at the window with ears up and tail starting to wag fast, giving one quiet woof. Sound: car engine outside, one soft woof, tail thumping the couch. 15-20s (Mom in scrubs): Front hallway, early morning daylight through the open door. The mom, a woman in her mid 30s with shoulder-length brown hair tied back, wearing blue scrubs, steps in. The dog whines and wiggles her whole body, pressing against the mom's legs as she kneels down. Sound: door opening, happy whining, mom whispering "shh, you'll wake the kids". 20-25s (Resting on her lap): Living room couch, soft early sunlight through the curtains. The mom sits back with her eyes closed and her feet up, still in scrubs. The dog lies on the couch beside her with her head on the mom's lap, and the mom's hand rests on her neck. Sound: quiet morning, birds outside, the dog's long sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Lying by the door

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Front hallway before dawn, dim blue light through a small window, one small lamp on in the next room. The dog lies on the doormat facing the front door, chin on her paws, eyes open and ears turning at every small sound. Sound: quiet house, fridge hum, a bird starting to chirp outside.

Clip 2 | 5-10s | Checking on dad

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
