MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (In the suitcase): Parents' bedroom, midday daylight, an open grey suitcase on the floor half full of folded clothes. The dog steps into the suitcase, turns once and lies down on top of the clothes, looking up at the camera with her ears back. Sound: zipper sounds, mom laughing "you can't come in the suitcase". 5-10s (Following mom): Upstairs hallway with a beige carpet, daylight from a window at the end. The mom, a woman in her mid 30s with shoulder-length brown hair, walks past carrying a stack of towels. The dog follows right at her heels, stopping when she stops. Sound: footsteps on carpet, tags jingling, mom saying "I know, I know". 10-15s (Packing her bag): Kitchen with beige tile, midday light. The son, an 11-year-old boy with short curly hair, puts the dog's steel bowl, a rope toy and a folded fleece blanket into a plain canvas tote bag on the floor. The dog sniffs the bag and pokes her nose in. Sound: bowl clanking, canvas rustling, son saying "this is your bag for grandma's". 15-20s (Daughter's hug): Living room rug, afternoon window light, a rolling suitcase standing by the couch. The daughter, a 7-year-old girl with two braids, sits on the floor hugging the dog around the neck. The dog leans into her and licks her ear. Sound: daughter whispering "we'll come back, I promise", soft licking. 20-25s (Loading the car): Driveway in front of the beige house, late afternoon overcast light, an SUV with the trunk open. The dad, a man in his late 30s with a short dark beard, lifts suitcases in. The dog sits on the driveway next to him, watching every bag go into the car. Sound: trunk thuds, birds, dad saying "you're going to grandma's, don't worry".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
