Back Home From Vacation Reunion

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The family comes back to pick her up and she loses it: hearing the car, running to the kids, wiggling all over mom, belly up for dad, and inspecting every suitcase at home.

TIMELINE

0-5s	Hearing the car
5-10s	Running to the kids
10-15s	Wiggling for mom
15-20s	Belly up for dad
20-25s	Suitcase inspection

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Hearing the car): Grandma's living room, afternoon daylight through a screen door. The dog lies on the rug, then lifts her head sharply, ears up. She jumps up and runs to the screen door, nose pressed to the mesh, whining with her tail going. Sound: car doors outside, the dog whining, grandma saying "guess who's here". 5-10s (Running to the kids): Grandma's front lawn with uneven grass, afternoon overcast light. The screen door opens and the dog races across the lawn to the daughter, a 7-year-old girl with two braids, and the son, an 11-year-old boy with short curly hair, who drop to their knees. Sound: screen door slamming, kids screaming happily, fast pawsteps. 10-15s (Wiggling for mom): Same lawn, afternoon light. The mom, a woman in her mid 30s with shoulder-length brown hair, crouches with arms open. The dog wiggles her whole body against her, circling and whining, licking her chin while the mom laughs and nearly tips over. Sound: happy whining, mom laughing "I missed you so much". 15-20s (Belly up for dad): Grandma's front walkway, overcast daylight. The dad, a man in his late 30s with a short dark beard, kneels down. The dog throws herself onto her back on the grass beside the path, paws up, and he rubs her belly with both hands. Sound: dad laughing "there she is", the dog grumbling happily, birds. 20-25s (Suitcase inspection): Family's front hallway back home, evening, ordinary ceiling light on, three suitcases standing by the shoe mat with plain luggage straps. The dog sniffs each suitcase carefully from top to bottom, tail wagging slowly, nose working hard, as if reading where the family has been all week. Sound: sniffing, zipper tags clinking, son saying "she's checking where we went".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Hearing the car

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Grandma's living room, afternoon daylight through a screen door. The dog lies on the rug, then lifts her head sharply, ears up. She jumps up and runs to the screen door, nose pressed to the mesh, whining with her tail going. Sound: car doors outside, the dog whining, grandma saying "guess who's here".

Clip 2 | 5-10s | Running to the kids

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Grandma's front lawn with uneven grass, afternoon overcast light. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
