Family Garden Harvest Day

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Harvest day in the family vegetable garden: pulling carrots, a washed carrot for her, picking green beans, her nap between the raised beds, and the full basket on the porch with grandma.

TIMELINE

0-5s	Pulling carrots
5-10s	A carrot for her
10-15s	Picking green beans
15-20s	Nap between beds
20-25s	Basket on the porch

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Pulling carrots): Backyard vegetable garden with wooden raised beds, late summer morning, soft sunny daylight. The son, an 11-year-old boy with short curly hair, pulls a carrot out of the dirt with its green top. The dog stands beside the bed with her nose right next to the hole, sniffing. Sound: soil crumbling, birds, son saying "look how big this one is". 5-10s (A carrot for her): Next to a green garden hose by the raised beds, sunny morning. The dad, a man in his late 30s with a short dark beard, rinses a small carrot under the hose and snaps off the top. He offers it and the dog takes it gently and lies down on the grass to chew. Sound: water spraying, loud carrot crunch, dad saying "fresh from the garden". 10-15s (Picking green beans): Beside a trellis of green bean plants in the same garden, bright morning light. The daughter, a 7-year-old girl with two braids, picks beans and drops them in a small metal pail. The dog sits next to her, watching the pail, ears forward. Sound: beans snapping, beans clinking into the pail, bees buzzing. 15-20s (Nap between beds): Narrow strip of grass between two raised beds, midday sun with patches of shade from tall tomato plants. The dog lies on her side in the shade, legs stretched out, dirt on her nose, eyes half closed while the kids work around her. Sound: bees, kids chatting quietly, the dog's soft snore. 20-25s (Basket on the porch): Back porch steps with a wicker basket of carrots, beans and cucumbers, afternoon daylight. The grandma, a woman in her late 60s with short grey hair and glasses, sits on the top step admiring the basket. The dog sits next to her and leans against her shoulder. Sound: grandma saying "what a harvest", screen door creaking, birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Pulling carrots

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. Backyard vegetable garden with wooden raised beds, late summer morning, soft sunny daylight. The son, an 11-year-old boy with short curly hair, pulls a carrot out of the dirt with its green top. The dog stands beside the bed with her nose right next to the hole, sniffing. Sound: soil crumbling, birds, son saying "look how big this one is".

Clip 2 | 5-10s | A carrot for her

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
