MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (Settling on her blanket): Backyard at dusk in autumn, fallen leaves on the grass, a stone fire pit with a small fire in the distance. The mom, a woman in her mid 30s with shoulder-length brown hair, spreads a plaid blanket on the grass far back from the fire. The dog steps on and lies down. Sound: crackling fire in the distance, crickets, mom saying "this is your spot". 5-10s (Dad adds a log): Same backyard at dusk, orange firelight and a deep blue sky. The dad, a man in his late 30s with a short dark beard and a flannel jacket, sets a log on the fire pit. In the background the dog lies far back on her blanket, calmly watching. Sound: log thudding, fire popping, sparks hissing, crickets. 10-15s (Roasting marshmallows): By the fire pit after dark, orange firelight on faces. The daughter, a 7-year-old girl with two braids, and the son, an 11-year-old boy with short curly hair, sit in camp chairs holding long sticks with marshmallows over the flames. The dog is far back on her blanket. Sound: fire crackling, kids laughing, daughter saying "mine caught fire!". 15-20s (Cuddles with mom): On the plaid blanket far back from the fire pit, dark night, faint orange light from the fire in the distance. The mom sits wrapped in a fleece blanket and the dog lies pressed against her side with her head on the mom's knee. Sound: distant crackling, crickets, mom whispering "cozy, huh?". 20-25s (Son keeps her company): Backyard at night, the fire burning low in the distance, porch light on behind. The son sits cross-legged on the blanket next to the dog, far from the fire pit, stroking her back while she lies with her nose tucked toward her paws. Sound: embers popping softly, crickets, son humming quietly.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
