Snow Day With Hot Cocoa

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

School is canceled and it's a snow day: bounding through fresh snow, the kids building a snowman, snow angels, hot cocoa for the kids and a plain biscuit for her, and drying off on a towel.

TIMELINE

0-5s	First steps in snow
5-10s	Building a snowman
10-15s	Snow angels
15-20s	Cocoa and a biscuit
20-25s	Drying off

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female German Shepherd with a black saddle and pale cream-silver legs, chest and face (black and silver coloring), dark ears, gentle brown eyes, medium build, wearing a purple nylon collar with a small heart-shaped tag, natural slightly fluffy coat. 0-5s (First steps in snow): Backyard covered in fresh deep snow, white overcast morning light, wooden fence capped with snow. The back door opens and the dog bounds out in big leaps, sinking up to her chest, snow flying off her face as she shakes her head. Sound: door opening, snow crunching, kids cheering "snow day!". 5-10s (Building a snowman): Same snowy backyard, flat grey daylight. The son, an 11-year-old boy with short curly hair under a knit hat, rolls a big snowball while the daughter, a 7-year-old girl with two braids under a pink hat, pats snow on top. The dog sniffs the snowman's base. Sound: snow packing, kids chatting, son saying "don't pee on it". 10-15s (Snow angels): Open snowy patch of the backyard, grey winter light. The daughter lies on her back making a snow angel, arms and legs sweeping. The dog trots over, sniffs her face and flops down in the snow right next to her, rolling onto her back. Sound: snow swishing, daughter giggling, the dog snorting in the snow. 15-20s (Cocoa and a biscuit): Kitchen with white cabinets, grey snowy daylight from the window. The mom, a woman in her mid 30s with shoulder-length brown hair, sets two mugs of hot cocoa in front of the kids at the table, then hands the dog a plain dog biscuit, which she takes gently. Sound: mugs clinking, kids blowing on cocoa, biscuit crunch, mom saying "yours is this one". 20-25s (Drying off): Kitchen floor by the back door, beige tile with snowy boots on a mat, grey daylight. The dog lies on a big striped towel, damp fur sticking up, while the son rubs her back with a corner of the towel. She closes her eyes contentedly. Sound: towel rubbing, melting snow dripping, kids sipping, the dog's sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
